Intercessory prayer

Lord Jesus,
 Crucified and Forsaken,
 who shows us your infinite love for all human-kind, in the mysteries of your life, death and resurrection,
 we ask you to grant us to grow in friendship with you and with one another,
 following the example of Carlo and Alberto, until we reach the fullness of Christian life.
 Grant us through their intercession, the grace for which we now ask you:
 but above all to bring the fruits of eternal life to all those who have been entrusted to us.
 Amen

Alberto Michelotti and Carlo Grisolia, two Genoese friends who experienced a story of friendship between them and among the other s. An open friendship nourished by a common aim: taking everybody the Evangelical Ideal gi ft of an united world, by choosing the way of "becoming saints together".

Alberto was born in 1958, August the 14th, in Genoa -Italy- (Valbisagno area). He was an intelligent and gifted boy, responsible for the young group of Focolari Movement in Valbisagno. He loved serving and helping, putting himself last. Some of the letters his left tell us about his great ability in the art of loving every single person he met and they also reveal a secret:

"My life is slowly changing: there is "Someone" getting more and more into my days, he is Jesus. Some days I run up and down the town to find the last mass of the day in some church: there I can meet Him in the Holy Communion. I rush out from the university a little earlier and catch buses at breakneck speed to do it; suddenly I think: "Alberto, you wouldn't do such a thing for anyone, not even for your girlfriend a month ago."

Very fond of mountains, Alberto fell down a frozen gorge in the Alps Mountains in August, 18th 1980.

Carlo, another boy in Alberto's group, was born in 1960, December 29th, in Bologna -Italy-. He took a diploma in agriculture and lived in Genoa (at Valbisagno area) too. The day after Alberto's death, while in military service, he was diagnosed one of the most malignant tumours. Cheerful and good-humoured by nature he thus started his forty days relay "to meet Jesus". Carlo often said that Alberto "is there close to him", to support him and "to keep Jesus in the middle", as ever. Before dying, Carlo told his friends, gathered together by him: "I am going! I just wanted to tell you to be ready to give your own life for one another. I offer my life for you all, but especially for suffering people, for the guys of my neighbourhood, of my parish church, for a united world."

He too left for his encounter with God on the 29th September 1980.
